Electric Cloud

Why Are We Here?

- We believe DevOps is important
- We believe DevOps creates business value
- We believe DevOps makes our work humane

State Of DevOps Report

- 200x more frequent deployments
- 2,555x shorter change deployment lead times
- 3x lower change failure rate
- 24x lower MTTR

State of DevOps Report

- 50% less time spent remediating security issues
- 2.2x more likely that employees will recommend their organization as a great place to work.

State of DevOps Report

- 2x more likely to exceed profitability, market share & productivity goals
- 50% higher market capitalization growth over 3 years*

“I want to improve the lives of
1 million IT workers in the
next five years...”

— Erik, The Phoenix Project

Why Experience Reports?

- We don't learn from hearing...
 - What someone is thinking about doing
 - What someone thinks we should be doing
- We learn much more from hearing what they did...
 - Here's what I did
 - Here's what happened
 - Here's what I learned

The Experience Report Format

- My organization and the industry we compete in
- My role and where I fit I the organization
- The business problem that we needed to solve
- Where we started and why
- What we did, including tools and techniques
- The outcomes that resulted
- Here's the challenges that still remain

Each Speaker Also Shared...

- “Here’s what we don’t know how to do...”
- “Here’s what we’re looking for help with...”

Year 2: DevOps Enterprise Summit

- Automated testing
- Culture and leadership in transformation
- Organizational design, roles, and responsibilities
- Information security and compliance practices
- Identifying metrics to drive improvement goals

Year 3: DevOps Enterprise Summit

- Leading change
- Modern architectural and technical practices for leaders
- Designing our organization
- Bridging the information security and compliance gap

Mutually Exothermic

A Community That Is Helping Each
Other

DevOps Workshops

- We learn better from experiential and collaborative learning
 - We wanted to enable more opportunities for serendipitous and collaborative interactions
 - Provide another means for attendees and learners besides lectures and experience reports
